PREWORK – COMPUTER VISION WITH CNNs

In this course, we will learn the basics of Computer vision – starting from CNNs to Transfer learning. Please refer to the e-pdf – Deep Learning e –pdf by Goodfellow at.al

Refer to Chapter 9 for Convolutional Neural networks

1. Start with module 9.1 – The convolution operation Pg: 327,328, 329
2. Move to module 9.3 – Pooling – Pg: 335 to 338
3. Move to module 9.4 - Convolution & pooling – Pg: 339,340 and 341
